

## Welcome back! My name is April

There are probably very few people who aren't happy to be moving on from 2020. Last year was definitely difficult, and as much as we are all grateful to turn the calendar page, 2021 is still going to be a challenge.

My father, Alan Swartz took over the company when he was 19, building on the base my grandfather established in 1964. After almost 50 years at the helm, my father retired at the beginning of 2020. We began the transition as Covid hit and as excited as I was to finally take the reins, it was obviously daunting.

I am happy to say that we rolled with everything 2020 threw at us, and we are ready to "get back to normal". We hope that as we all dust ourselves off and figure out how to move forward, that we can be a great resource for you and your business.

Name Badges are all about people and relationships—they make that introduction seamless by providing a name to the face. Over the past year, most of us started to look around our community and to think what it would look like if our favorite coffee shop/salon/restaurant/bakery/market went out of business. We missed the people who brightened our daily stops. We missed those casual connections.

Now, we need to rebuild our communities, rebuild our relationships, and rebuild our businesses. Let us help you say "welcome back". Your staff may be different, your customers may feel awkward about having forgotten names or maybe they don't recognize them because they are wearing a mask. Reintroducing yourself to your customers can be as simple as a badge that says "My Name Is..." and this is what we have been doing since 1964 & we've missed you!

Sincerely,

*April Swartz*

April Swartz  
President

## What is the difference between Hard & Soft Enamel Award Pins?

These pins are both die-struck metal that requires a wall of metal between each color. The Hard Enamel pins are color poly filled and polished to a smooth surface. Soft enamel is more like ink and the color is recessed below the metal walls making it less expensive.
