A proud family-owned business for 60 years!

April Swartz
President

Back in 1964 when my Grandfather started Kenberma Products, a gallon of gas cost 30¢, a US postage stamp was just 5¢ and Beatlemania was taking the world by storm. My father transformed the company from 1972 until 2020, and I was fortunate to get to work side-by-side with him since 1996. Over the years there have been many changes. But one thing hasn't changed—the way we choose to do business.

Our philosophy is simple—treat others the way you want to be treated and offer quality products at fair prices. We have been a member of the Better Business Bureau since 1991, and as of today, we have never had a single complaint. It's not that mistakes never happen, but when they do, we always do everything humanly possible to make things right—because that is the right thing to do. Doing business honorably is something that my father instilled in me and I am grateful to have thousands of repeat customers who continue to work with us year after year.

The world is moving a lot faster than it did in 1964 and we strive to provide our products faster than ever before. This catalog features our complete line of name badges as well as some of our most popular promotional products. Needbadges.com contains these items and many more to make ordering easy! Late last year, we added a promotional products specific site, needpromos.com. If you need to find swag, this is where to search!

Sincerely,

April Swartz

Company stores aren't just for big businesses anymore.

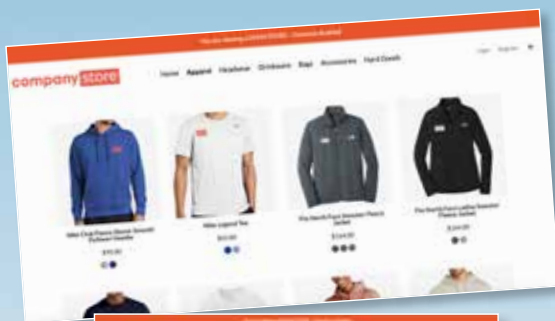

Kenberma is excited to be able to offer you a mini-website called a "Company Store" so that you can offer high quality products and apparel that can be ordered by the single piece. These items are printed as ordered so there is no inventory or work on your end. This is different from the other items in this catalog which are ordered in bulk to distribute at events. From apparel and bags to drinkware, company stores can help you get your organization out there while staying consistent and saving you money. Your Company Store can just be for your staff or it can be open to everyone.

Let us make you a Company Store—IT'S FREE!

How does it work? You select up to **24 items** from a broad range of items and choose what you want printed or embroidered on it. This is especially useful for apparel so you don't have to inventory all the sizes. People would then go online to order and pay for their items themselves directly through the website. Each item will then be prepared and shipped directly to them. You don't have to do or pay anything!

NO Setup Fees. NO Monthly Fees. NO Credit Card Transaction Fees.

From online store design to product delivery including on-demand fabrication and customer support, we do it all so you don't have to. Check out this sample store so you can get an idea of how it works: demo.boldstores.com

Swag is proven to build brand awareness.

When staff or customers purchase branded merchandise, it instills a sense of belonging and unity with the organization. It symbolizes that they are part of a larger community and share a common identity with your business. When someone wears your branded apparel or carries a bag or water bottle out in public, your brand is being exposed to a broader audience you wouldn't reach otherwise. It also provides an opening for a conversation about what your business does and why they love you!

Online Release Program for Engraved or Personalized Badges on pages 16-24 & 26:

Release Program: Add \$3.15 for ea. badge held for future personalization. Hold charge includes shipping.

Here's how it works: If you have 85 employees, you buy 100 badges and we personalize and ship 85 of them. We hold onto the extra 15 badges for you. When you hire new employees, you will go online and enter the personalization info for the new badges you need. Your released badges will be shipped via First Class Mail within 3 working days. You will have pre-paid for the badges on hold so there are no small bills to pay. We will hold your badges for up to 2 years but if there is no activity (ie. no releases) for 2 years, your program will be considered "abandoned" and any remaining badges will be discarded.

You must be 100% satisfied or you can return your merchandise for a full refund within six months. 19

What is the difference between Hard & Soft Enamel Award Pins?

These pins are both die-struck metal that requires a wall of metal between each color. The Hard Enamel pins are color poly filled and polished to a smooth surface. Soft enamel is more like ink and the color is recessed below the metal walls making it less expensive.

Soft Enamel Award Pins
